

**Task-2:**

There are animals which use 2 limbs (legs), 4 legs, 6 legs, 8 legs, 100s of legs and some animals do not have legs.

Observe the diagram below and solve the table below. You must name the animal.

Animal/legs	2 legs	4 legs	6 legs	8 legs	100s legs	No legs
Animal-1						
Animal-2						
Animal-3...						
Keep adding...
