

Activity-7: Egg or Baby.

Here is a list of animals. Discuss with each other and your teacher, go to the surroundings and find out if they give birth to the young one directly or lay eggs.

Tick and Cross as relevant.

Animal/Condition	Lays eggs	Gives birth to young ones
Cow		
Hen		
Goat		
Lizard

Honeybee		
Prawns		
Crabs		
Pig		
Donkey		
Horse		
Snakes		
Earthworms		
Bat		
Fish		
Whale		
Dolphin		
Kangaroo		

Concepts covered:

All animals produce eggs, but in some the egg grows outside their body and in some it grows inside their body. Is this statement true or false? Think.

Is laying eggs safe or giving birth to babies safe for the animal? Think.
